ITEM	GRADE	PACKED	ST per BU	LENGTH
CRANBERRY VIBURNUM	lush, heavily fruited stems with loads of clusters of fruit; about 50% colored up...this will be a great year for this crop			
	medium	25/Full box	7-10 stems	30" +/-
	tall	20/Full box	5 stems	42-48"
"Diablo" NINEBARK	burgundy foliage loaded with clusters of red seed pods			
		25/Full box	10 stems	30-36"
SWITCH GRASS	large, airy open grass heads; native prairie grass			
		25x/Quarter	grower's bunch	36-48"
PRAIRIE GRASSES	at least 3 varieties, sometimes more, ever changing, clean!			
		25x/Quarter	grower's bunch	2-4'
CAT TAIL FOLIAGE	multiple long strap like leaves per stem			
		10x/bundle	10 stems	4-5'
CAT TAIL HEADS	large cigar sized heads; minimal but some foliage; strong stems			
		10x/bundle	10 stems	4'
<p>Blueberry Viburnum is basically sold out but as always there are probably a few cases available for those that read this. We also have a limited supply of Clethra or Summersweet, a fragrant pink spire like flower on a light bright green foliated woody shrub. Green Bittersweet is off the list as the foliage is just beginning to spot a bit and yellow here and there. It is still available if absolutely needed. Just around the corner we will be offering several varieties of PG Hydrangeas that look incredible. It has been ultra humid and fairly hot lately and that's my kind of weather; plus the corn is loving it! Canoe trip this Saturday!</p>
